Subject Matter: Company Assurance regarding Conflict Minerals

Herewith we confirm that Pressmaster AB have not, and will not, supply any products that contain Conflict Minerals “3TG” such as Tantalum (Ta), Tungsten (W), Tin (Sn) or Gold (Au). Likewise, no conflict minerals are used in our manufacturing process.

It is a standard procedure within Pressmaster AB organization to continuously monitor the presence of conflict minerals (as a part of the continuous evaluation of the suppliers).

Johan Hansson

Managing Director

Pressmaster AB
